Consumer Contacts that Require Enhanced Processing

Presented by Utility Company, Category and Subcategory

October 2017

This report presents a subset of total consumer contacts reported in Table 1. This data represents consumer contacts that require enhanced processing for resolution of consumers' complaints. These cases are known as Informal Complaints (ICs) and are sent to the appropriate utility for investigation. The utility must respond to the CPUC and address the allegations of the complaint. The following table reports the ICs by utility company and the nature of the complaint by category and the more specific subcategory.

Table 2 - Water Industry Contacts: The companies listed in the table are organized in alphabetical order. Companies' names in this list may not reflect the company name under which services are marketed to the consumer.

| Utility Code | Utility Name | Category | Subcategory | Count |
|-----------------------------|------------------------------------|----------|------------------------------------|-------|
| WTB206 | Alisal Water Corporation | Billing | High Bill | 1 |
| | | | Total ICs | 1 |
