**PUBLIC UTILITIES COMMISSION REPORT PURSUANT TO
PUBLIC UTILITIES CODE SECTION 321.6****Introduction**

Pub. Util. Code Section 321.6 requires that the California Public Utilities Commission (CPUC) report on the number of formal proceedings where resolution exceeded the time periods prescribed in scoping memos and the number of days that Commissioners presided in hearings. It further requires that the Commission submit the report to the Governor and Legislature no later than February 1 of each year. As described in this report for calendar year 2014, all but one of the proceedings resolved at the Commission during 2014 that were subject to statutory deadlines were completed consistent with statutory timeframes, either due to resolution within the statutory deadlines or because a scoping memo establishing a longer deadline or timely extension order was issued as permitted by law. This report provides more detail than in past years regarding whether proceedings were resolved in a timely manner with or without extension orders. More detailed information is contained in the attached Appendices A-J.

Pub. Util. Code Sections 1701.1 et al. apply to cases filed after 1998 that were subject to hearing at the Commission. These statutes require that matters be resolved within certain time periods, depending on the categorization of a proceeding. Generally, adjudicatory matters must be resolved within 12 months and ratesetting and quasi-legislative matters are to be resolved within 18 months of the issuance of the scoping memo ruling, unless a longer deadline is set by the CPUC through issuance of a scoping memo or order extending the statutory time period. A proceeding has been resolved when the main issues have been decided such that the proceeding could usually be closed. At times, proceedings that have had all substantive issues decided may remain open or are “re-opened” because of other issues, such as petitions for modifications, various motions, or requests for intervenor compensation.

In addition to data related to proceedings that were subject to hearings and statutory deadlines, this report contains important case management information on other proceedings as well, in the interest of providing transparency, public access, and statutory compliance.

Description of Attached Appendices A-I

Appendix A – Formal Proceedings not Subject to Hearings, Active During this Reporting Period

Appendix A lists the 286 cases active during the time period that were not subject to hearings. Many of these proceedings are ratesetting or adjudicatory matters that were conducted without formal evidentiary hearings. Also, this appendix lists 30 quasi-legislative matters that were processed through the exchange of written documents and formal evidentiary hearings were not required.

These proceedings are not subject to statutory deadline. Of the 286 cases, 161 were resolved in a time consistent with the deadlines set by the CPUC in scoping memos. The remaining 125 proceedings are currently active and on schedule.

Appendix B – Complaints Under the Expedited Complaint Procedure, Active During the Reporting Period

Appendix B lists 69 Expedited Complaint Proceedings (ECP) that are small complaint cases handled under special procedures analogous to “small claims” court. These proceedings are not subject to statutory deadlines. We are reporting these matters separately because the Commission has adopted more aggressive timelines for these cases than the statutory timelines for other proceedings. The Commission has established an informal 132-day target for this type of proceeding to be resolved.

During the reporting period, 53 of these 68 cases were resolved. Fifteen proceedings remain active.

Appendix C – Formal Proceedings Subject to Hearings, Active During the Reporting Period Proceedings Resolved on Schedule

During the reporting period, the Commission timely resolved 46 (42 ratesetting and four adjudicatory) proceedings subject to evidentiary hearings.

Appendix D – Formal Proceedings Subject to Hearing, Currently Active and on Schedule

Appendix D contains cases subject to hearing that are not yet resolved and currently still active. There are 157 such cases – 42 adjudicatory, seven quasi-legislative and 108 ratesetting. All of these cases are currently on schedule taking into account statutory deadlines, orders extending statutory timeframes, and scoping memos establishing deadlines that in some instances exceed statutory timeframes.

Appendix E – Petitions for Rulemaking

Petitions for Rulemaking are statutorily mandated proceedings subject to the deadlines in Pub. Util. Code Section 1708.5. The Commission is mandated to issue a decision in this type of proceeding within six months. Appendix E shows that six such proceedings were active during the reporting period and that the Commission has issued five decisions. All but one of the decisions were issued timely, and one petition is active and on schedule.

Appendix F – Commissioner Attendance

Appendix F reports the Commissioner attendance at hearings during the period. The table shows that Commissioners attended 34 days of hearings and presided during 21 of those 34 days.

Appendix G – 60-90 Day Compliance

The Legislature has also established guidelines for the length of time between the issuance of a proposed decision and the adoption of a final decision by the Commission, applicable to ratesetting and quasi-legislative proceedings requiring a hearing. The guidelines are either 60 or 90 days depending on certain circumstances.

During the period, the Commission considered 28 proposed decisions in proceedings subject to these guidelines. The Commission adopted 25 final decisions in such proceedings. In 21 instances, the final decision was adopted within the guidelines and in four instances; the final decision was issued later than the period specified in the guidelines. Three proposed decisions are currently on the Commission's agenda.

Appendix H – Issuance of Presiding Officer Decisions and Proposed Decisions

For proceedings that require a hearing, the Legislature has also established guidelines for the length of time between the submission of a matter for decision and the issuance of the proposed decision. During the period, the Commission issued seven presiding officer decisions and 23 proposed decisions in such proceedings. Out of these 30 decisions, 15 (50%) were issued within the mandatory 60-day and 90-day timelines. During 2014, the Administrative Law Judge Division continues to have a historic low of only 33 full-time judges and given our current docket of over 400 open formal proceedings. For 2015, we are now closer to being fully staffed. We therefore foresee being able to achieve better results meeting the guidelines this year.

Appendix I – Issuance of Extension Orders

The Legislature has also established a process for extending the statutory deadlines through issuance of an extension order. During 2014, the Commission issued 72 extension orders in 48 separate proceedings (more than one extension order was issued in some proceedings), including proceedings which remained open at the end of 2014. Of the 265 proceedings resolved in 2014, 46 proceedings were subject to statutory deadlines and there were 44 proceedings where extension orders were issued.

Conclusion

In summary, this report, submitted in compliance with Pub. Util. Code Section 321.6, provides the public and the legislature information on Commission action in formal proceedings. Specifically, 564 proceedings were active at the Commission during the 2014 reporting period. 265 of these proceedings were resolved during 2014. 46 of the proceedings that were resolved were subject to statutory deadlines. 100% of the proceedings subject to statutory deadlines were resolved consistent with statutory requirements taking into account scoping memos, which in some instances set deadlines longer than statutory timeframes, and order extending the statutory timeframes adopted by the Commission, as permitted by statute. The Commission is committed to continuing to achieve full compliance with the mandatory statutory deadlines, transparent and accessible proceedings and procedures, and will work toward compliance with the statutory guidelines. During 2015, the Commission will consider additional means of tracking and reporting the Commission's performance to provide more complete accounting.

Summary Table
Timeliness of Proceedings Resolved during 2014

	Resolved Timely with no Extension Orders ¹	Resolved With Extension Orders	Resolved Late	Currently Active	Total

Petitions for Rulemaking (Appendix F)	4	0 ³	1 ⁴	1	6
Total	220	44⁵	1	299	564⁶

¹ Most of the proceedings included in this column are not subject to statutory deadlines and as a result no extension orders were required.

² Statutory deadlines only apply to this type of proceedings.

³ On March 24, 2014, Judge S. Pat Tsen issued a timely proposed decision for Petition 13-10-009. The Commission issued its final decisions on August 14, 2014.

⁴ The Petition to Open a Rulemaking was filed in November 6, 2013. The Decision granting the petition was issued in August 2014, 9 months after the filing of the petition. Pursuant to P.U. Code Section 1708.5, the Commission should have either rejected the petition or opened the rulemaking within 6 months of the filing of the petition. Before the rulemaking could be opened, the Assigned Commissioner and the ALJ had to agree on the possible modifications of the intervenor compensation program that might result from the granting of the petition and formulate the options that would be considered in the subsequent rulemaking. These considerations took longer than anticipated resulting in the three-month delay in issuing the decision granting the petition.

⁵ There were twenty four unique extension orders issued in these forty-three proceedings. In several cases, one extension order was issued to cover more than one consolidated proceeding.

⁶ Total does not include reopened proceedings that were resolved in prior years.

* On March 24, 2014, JudgeS. Pat Tsen issued a timely proposed decision for Petition 13-10-009. The Commission issued its final decisions on August 14, 2014.

** The Petition to Open a Rulemaking was filed in November 6, 2013. The Decision granting the petition was issued in August 2014, 9 months after the filing of the petition. Pursuant to P.U. Code Section 1708.5, the Commission should have either rejected the petition or opened the rulemaking within 6 months of the filing of the petition. Before the rulemaking could be opened, the Assigned Commissioner and the ALJ had to agree on the possible modifications of the intervenor compensation program that might result from the granting of the petition and formulate the options that would be considered in the subsequent rulemaking. These considerations took longer than anticipated resulting in the three-month delay in issuing the decision granting the petition.
