PUBLIC UTILITIES COMMISSION

**PUBLIC UTILITIES COMMISSION REPORT PURSUANT TO
PUBLIC UTILITIES CODE SECTION 910.1****Introduction**

Pub. Util. Code Section 910.1 requires that the California Public Utilities Commission (Commission) report annually on the timeliness in resolving cases, information on the disposition of applications for rehearing, and the number of days that Commissioners presided in hearings. It further requires that the Commission submit the report to the Legislature no later than February 1 of each year. The Commission submits this report for the reporting period of calendar year 2020.

Pub. Util. Code Sections 1701.1 et seq. require that matters be resolved within certain time periods, depending on the categorization of a proceeding. Effective January 1, 2017, adjudicatory matters must be resolved within 12 months and ratesetting and quasi-legislative matters are to be resolved within 18 months of initiation, unless a longer deadline is set by the assigned Commissioner's scoping memo or Commission order extending the statutory time period. A proceeding has been resolved when the main issues have been decided such that the proceeding could usually be closed. At times, proceedings that have had all substantive issues decided may remain open or are reopened because of other issues, such as applications for rehearing, petitions for modification, and various motions.

Prior to January 1, 2017, Pub. Util. Code Sections 1701.1 et seq., most notably the requirement for scoping memos and the statutory deadlines, did not apply to proceedings that were not subject to evidentiary hearing. Senate Bill 215 (Leno, Stats. 2016, ch.807), amended Sections 1701.1 et seq. to extend its provisions to all proceedings regardless of whether they are subject to evidentiary hearing.

As described in this report, all of the proceedings resolved at the Commission during 2020 that were subject to statutory deadlines were completed consistent with statutory timeframes, either due to resolution within the statutory deadlines, or because a scoping memo establishing a longer deadline or timely extension order was issued as permitted by law. This report provides details regarding whether proceedings were

resolved in a timely manner with or without extension orders. In this report, reopened proceedings were included for information only to provide an actual count of the workload before the Commission during 2020. More detailed information is contained in the attached Appendices A-I.

Appendix J reports the days that Commissioners presided in hearings, and Appendix K reports information on the disposition of applications for rehearing.

Description of Attached Appendices A-K

Appendix A – Proceedings Initiated Before January 1, 2017, not Subject to Evidentiary Hearings, Active During 2020 (Resolved and not Resolved)

Appendix A lists 24 proceedings active during 2020 that were initiated prior to January 1, 2017, and not subject to evidentiary hearings. Of the 24 proceedings, 8 were resolved during 2020. The remaining 16 proceedings are currently active and on schedule.

Appendix B – Complaints Under the Expedited Complaint Procedure, Active During 2020

Appendix B lists 23 Expedited Complaint Proceedings (ECP) that are small complaint cases handled under special procedures analogous to “small claims” court. These proceedings are not subject to statutory deadlines. We are reporting these matters separately because the Commission has adopted more aggressive timelines for these cases than the statutory timelines for other proceedings. The Commission has established an informal 132-day target for this type of proceeding to be resolved.

During 2020, 11 of these 23 proceedings were resolved. Twelve proceedings remain active.

Appendix C – Proceedings Active During 2020 – Proceedings Resolved on Schedule

During 2020, the Commission timely resolved 201 proceedings, including five proceedings that were initiated prior to January 1, 2017 and subject to evidentiary hearings and 196 proceedings that were initiated

after January 1, 2017. (28 adjudicatory, 167 ratesetting, 2 quasi-legislative; and 4 proceedings resolved rehearing-related issues that were not categorized.)

Appendix D – Proceedings Active During 2020 – Proceedings not Resolved but Still on Schedule

During 2020, there were 5 active, unresolved proceedings that were initiated prior to January 1, 2017 and subject to evidentiary hearings, and 214 active, unresolved proceedings that were initiated after January 1, 2017. Of the 219 proceedings, 22 are adjudicatory, 28 are quasi-legislative, 1 is adjudicatory for Phase II and quasi-legislative for Phase III.C of a proceeding, and 157 are ratesetting. All of these proceedings are currently on schedule, taking into account statutory deadlines, orders extending statutory timeframes, and scoping memos establishing deadlines that in some instances exceed basic statutory timeframes. Eleven proceedings are addressing rehearing-related issues and categorization will be addressed as necessary if the Commission subsequently grants rehearing.

Appendix E – Citation Appeals and General Order 156 Appeals

The Commission in Resolution ALJ-377 established the Citation Appeal and General Order 156 Appeal process (April 28, 2020) based on the pilot program established by ALJ-299 (June 26, 2014). Under ALJ-377, appellate records are easily accessible, thus enhancing due process in these expeditious proceedings. Appendix E shows that 32 such appeals were active during 2020 and that the Commission has issued 12 resolutions addressing the appeals. 20 appeals are active.

Appendix F – Reopened Proceedings

Appendix F reports for information only on reopened proceedings before the Commission due to an application for rehearing, a petition for modification, or a motion filed by the parties. During 2020, 114 proceedings had the reopened status. 49 were reopened in 2020 and 65 were reopened in prior years. The Commission issued 30 decisions in 42 reopened proceedings, some of which were consolidated. The other 72 reopened proceedings are pending resolution.

Appendix G – 60-90 Day Compliance for Adoption of Decision

The Legislature has also established guidelines for the length of time between the issuance of a proposed decision and the adoption of a final decision by the Commission, applicable to ratesetting and quasi-legislative proceedings requiring a hearing. The guidelines are either 60 or 90 days depending on certain circumstances.

During 2020, the Commission considered 18 proposed decisions in proceedings subject to these guidelines. The Commission adopted 17 final decisions in such proceedings. In 16 instances, the final decision was adopted within the guidelines and in one instance, the final decision was issued later than the period specified in the guidelines. One proposed decision was withdrawn for further review and consideration.

Appendix H – Issuance of Presiding Officer Decisions and Proposed Decisions

For proceedings that require a hearing, the Legislature has also established guidelines for the length of time between the submission of a matter for decision and the issuance of the proposed decision. During 2020, the Commission issued six presiding officer decisions and 16 proposed decisions in such proceedings. Out of these 22 decisions, six were issued within the 60-day and 90-day timelines.

Appendix I – Issuance of Extension Orders and Scoping Memos

The Legislature has also established a process for extending the statutory deadlines through issuance of an extension order. During 2020, the Commission issued 99 extension orders in 73 separate proceedings (more than one extension order was issued in some proceedings), including proceedings which remained open at the end of 2020. Of the 232 proceedings resolved in 2020, 224 proceedings were subject to statutory deadlines and there were 53 proceedings where extension orders were issued.

The assigned Commissioners issued 166 scoping memos in 154 proceedings (more than one scoping memo was issued in some proceedings.)

Appendix J – Commissioner Attendance

Appendix J reports the Commissioner attendance at hearings during the period. The table shows that Commissioners attended 69 days of hearings and presided during 24 of those 69 days.

Appendix K – Information of Disposition of Application for Rehearing

Appendix K reports information on the disposition of applications for rehearing in 2020.

Conclusion

In summary, this report, submitted in compliance with Pub. Util. Code Section 910.1, provides the public and the Legislature information on Commission action in formal proceedings. Specifically, 499 proceedings were active at the Commission during the 2020 reporting period. 232 of these proceedings were resolved during 2020. 100% of the proceedings subject to statutory deadlines were resolved consistent with statutory requirements, taking into account scoping memos, which in some instances set deadlines longer than basic statutory timeframes, and orders extending the statutory timeframes adopted by the Commission, as permitted by statute. The Commission is committed to continuing to achieve full compliance with the statutory guidelines.
