**PUBLIC UTILITIES COMMISSION**

505 VAN NESS AVENUE  
SAN FRANCISCO, CA 94102-3298

**PUBLIC UTILITIES COMMISSION REPORT PURSUANT TO  
PUBLIC UTILITIES CODE SECTION 910.1****Introduction**

As the state's primary regulator of investor-owned electric, gas, water, transportation, and telecommunication services, the California Public Utilities Commission (CPUC) is responsible for the development of effective regulatory constructs to ensure that these services are delivered safely, affordably, reliably, and environmentally responsibly. The CPUC carries out this important task through the management of public decision-making processes, known as proceedings, that solicit the expertise, perspectives, and input from stakeholder groups representing a wide range of interests and views. These proceedings ultimately lead to the creation, modification, or improvement of new and existing rules that are designed to achieve public interest objectives for the utility services overseen by the CPUC.

Public Utilities Code Section 910.1 requires the CPUC to report annually on the status of its proceedings, specifically, on timeliness in resolving cases, information on the disposition of applications for rehearing, and the number of days that Commissioners presided in hearings. The CPUC submits this report for the reporting period of calendar year 2025.

In addition, Public Utilities Code Section 1701.1 et seq. requires that regulatory matters before the CPUC be resolved within certain time periods, depending on the categorization of a proceeding. Prior to January 1, 2017, Public Utilities Code Sections 1701.1 et seq., the requirement for scoping memos and the statutory deadlines, did not apply to proceedings that were not subject to evidentiary hearing. However, Senate Bill 215 (Leno, Stats. 2016, ch. 807), amended Sections 1701.1 et seq. to extend their provisions to all proceedings regardless of whether they are subject to evidentiary hearing. Additional reporting requirements related to Commissioner attendance at hearings and workshops were added by Assembly Bill 1532 (Stats. 2025, Ch. 205).

There are four types of proceeding categories: adjudicatory, ratesetting, quasi-legislative, and catastrophic wildfire. Adjudicatory proceedings investigate and adjudicate possible violations of state or CPUC rules and must be resolved within 12 months. Ratesetting proceedings set or investigate rates that regulated entities charge customers; quasi-legislative

proceedings establish policies or rules affecting regulated entities. Both ratesetting and quasi-legislative proceedings must be resolved within 18 months, unless a longer deadline is set by the assigned Commissioner's scoping memo or a CPUC order extending the statutory time period. Finally, in catastrophic wildfire proceedings, a proposed decision must be issued within 12 months.

CPUC proceedings are comprehensive, stakeholder informed decision-making processes that focus on producing the most desirable regulatory solutions to some of the state's most critical electric, gas, telecommunications, water, and transportation utility issues. The CPUC also hears individual customer complaints against a utility. A proceeding is closed when key matters have been decided or are considered fully resolved by the parties. At times, proceedings that have had all substantive issues decided may remain open or be reopened because of stakeholder objections. These objections may take the form of applications for rehearing, petitions for modification, and various motions. CPUC proceedings can be complex and require the consideration of all perspectives provided by stakeholders throughout the proceeding. Before reaching a decision on regulatory and policy matters, Administrative Law Judges and Commissioners carefully review and consider the contributions of stakeholders, including formal testimony, comments, and reply comments to the Rulings and Proposed Decisions in a proceeding, keeping in mind the importance of resolving issues in a timely manner. Stakeholders to proceedings, who typically become parties to the proceeding, include the regulated investor-owned utilities, industry trade associations, consumer advocacy groups, non-profit organizations, local governments, and other interested participants. Participation in proceedings by these organizations is critical to ensure that the decisions made are well-informed and provide balanced solutions to the complex regulatory issues before the CPUC.

As described in this report, 171 out of 173 proceedings resolved by the CPUC in 2025 that were subject to statutory deadlines were completed consistent with statutory timeframes, either due to resolution within the statutory deadlines, or because a scoping memo establishing a longer deadline, or a timely extension order, was issued as permitted by law. This report provides details regarding whether proceedings were resolved in a timely manner with or without extension orders. More detailed information is contained in the attached Appendices A-K. Appendix L reports the days that Commissioners attended hearings, Appendix M reports on Commissioner attendance at proceeding-related workshops, and Appendix N reports information on the disposition of applications for rehearing.

Lastly, in an effort to improve its decision-making processes, the CPUC continuously assesses and reassesses its management of proceedings. Improvements are focused on ensuring that these proceedings are accessible to interested stakeholders, preserve their due process rights as parties and ultimately lead to a resolution of matters in a reasonable timeframe. As the CPUC continues to develop refinements to decision-making processes that balance timeliness with thoughtful public participation and effective record development, the CPUC is always open to hearing the innovative ideas of the public, stakeholders, and the Legislature.

### **Description of Attached Appendices A-M**

#### **Appendix A – Proceedings Initiated Before January 1, 2017, not Subject to Evidentiary Hearings, Active During 2025 (Resolved and not Resolved)**

Appendix A lists proceedings active during 2025 that were initiated prior to January 1, 2017, and not subject to evidentiary hearings. Of the 1 proceeding, 1 was resolved during 2025.

#### **Appendix B – Complaints Under the Expedited Complaint Procedure, Active During 2025**

Appendix B lists 60 Expedited Complaint Proceedings (ECP) that are small complaint cases handled under special procedures analogous to “small claims” court. These proceedings are not subject to statutory deadlines. We are reporting these matters separately because the CPUC has adopted more aggressive timelines for these cases than the statutory timelines for other proceedings. The CPUC has established an informal 132-day target for this type of proceeding to be resolved.

During 2025, 36 of these 60 proceedings were resolved. 24 proceedings remain active.

### **Appendix C – Proceedings Active During 2025 – Proceedings Resolved**

During 2025, the CPUC timely resolved 171 proceedings (25 adjudicatory, 140 ratesetting, and 7 quasi-legislative). 2 proceedings did not meet the prescribed statutory deadline.

### **Appendix D – Proceedings Active During 2025 – Proceedings not Resolved**

During 2025, there was 1 active, unresolved proceeding that was initiated prior to January 1, 2017, and subject to an evidentiary hearing, and 271 active, unresolved proceedings that were initiated after January 1, 2017. 270 proceedings (45 adjudicatory, 36 quasi-legislative, 171 ratesetting, 2 Catastrophic Wildfire, and 1 Adjudicatory/Ratesetting) are currently on schedule, taking into account statutory deadlines, orders extending statutory timeframes, and scoping memos establishing deadlines that in some instances exceed basic statutory timeframes. One proceeding was active but had not been timely extended as of December 31, 2025. One proceeding is addressing rehearing-related issues and categorization will be addressed as necessary if the CPUC subsequently grants rehearing.

### **Appendix E – Petitions for Valuation of Utility Property**

Petitions for Valuation of Utility Property are statutorily mandated proceedings subject to the requirements set forth in Public Utilities Code Sections 1401-1421. Appendix E shows that one such proceeding was active during 2025.

### **Appendix F – Petitions for Rulemaking**

Petitions for Rulemaking are statutorily mandated proceedings subject to the deadlines in Public Utilities Code Section 1708.5. The CPUC is mandated to issue a decision in this type of proceeding within six months. Appendix F shows that 1 such proceeding was resolved in 2025, and 1 remains active.

### **Appendix G – Citation Appeals and General Order 156 Appeals**

Resolution ALJ-377 established the Citation Appeal and General Order 156 Appeal process (April 28, 2020) based on the pilot program established by ALJ-299 (June 26, 2014). Under ALJ-377, appellate records are easily accessible, thus enhancing due process in these expeditious proceedings. Appendix G shows that 31 such appeals were active during 2025 and that the CPUC has issued 17 resolutions. 14 appeals are active.

### **Appendix H - Requests for Hearing on Administrative Enforcement Orders Active During Calendar Year 2025**

Resolution M-4846 established the process to Request a Hearing on an Administrative Enforcement Order. Under Resolution M-4846, requests for hearing follow the procedural rules set forth in Resolution ALJ-377 that provide easily accessible appellate records thereby enhancing due process and transparency of the CPUC Enforcement Policy. 2 proceedings were active during 2025. 1 proceeding was resolved during 2025.

### **Appendix I – 60-90 Day Period for Adoption of Decision**

The Legislature has also established guidelines for the length of time between the issuance of a proposed decision and the adoption of a final decision by the CPUC, applicable to all ratesetting proceedings and to quasi-legislative proceedings requiring a hearing. The guidelines are either 60 or 90 days depending on certain circumstances.

During 2025, the CPUC considered 114 proposed decisions subject to these guidelines. 14 proposed decisions are pending resolution. The CPUC adopted 100 decisions subject to these guidelines. 90 decisions were adopted within the guidelines. 10 proposed decisions were resolved outside the guidelines.

### **Appendix J – Issuance of Presiding Officer Decisions and Proposed Decisions**

The Legislature has also established guidelines for the length of time between the submission of a matter for decision and the issuance of the proposed decision. During 2025, the CPUC issued 11 presiding officer decisions and 102 proposed decisions in such proceedings. Out of these 113 decisions, 44 were issued within the 60-day and 90-day timelines. One proceeding required oral arguments after the proposed decisions was issued; consequently the submission time was inapplicable.

### **Appendix K – Issuance of Extension Orders and Scoping Memos**

The Legislature has also established a process for extending the statutory deadlines through issuance of an extension order. During 2025, the CPUC issued 121 extension orders in 113 separate proceedings (more than one extension order was issued in some proceedings), including proceedings which remained open at the end of 2025. The assigned Commissioners issued 173 scoping memos (including amended scoping memos) in 170 proceedings.

### **Appendix L – Commissioner Attendance**

Public Utilities Code Section 910.1 requires the commission to annually submit a report to the Legislature on the days that commissioners presided over and attended hearings. AB 1532, effective October 1, 2025, revised these statutory requirements. Prior to its enactment, Commission attendance information was not maintained in the format specified. The figures presented reflect the requested information in the format now required under Public Utilities Code Section 910.1. For reporting on commissioner attendance at hearings, the report shall include reporting based on attendance at all types of hearings, including by all of the following:

- (1) Hearing type, including, but not limited to, prehearing conferences, evidentiary hearings, public participation hearings, and workshops.
- (2) Proceeding type, including quasi-legislative, an adjudication, a rate-setting, or a catastrophic wildfire proceeding.
- (3) Industry type, including electric, gas, water, telecommunications, or transportation.

## **Appendix M – Information on Disposition of Applications for Rehearing**

Appendix M reports information on the disposition of applications for rehearing in 2025.

### **Conclusion**

In summary, this report, submitted in compliance with Public Utilities Code Section 910.1, provides the public and the Legislature information on CPUC action in formal proceedings. Specifically, 542 proceedings were active at the CPUC during the 2025 reporting period. During 2025, 229 of these proceedings were resolved. 98.8% of the proceedings subject to statutory deadlines were resolved consistent with statutory requirements, taking into account scoping memos, which in some instances set deadlines longer than basic statutory timeframes, and orders extending the statutory timeframes adopted by the CPUC, as permitted by statute. The CPUC is committed to achieving compliance with the statutory guidelines.

**Summary Table**  
**Timeliness of Proceedings Resolved during 2025**

	Resolved Timely with no Extension Orders	Resolved With Extension Orders	Resolved Late	Currently Active	Total
Initiated pre-January 1, 2017, and not Subject to Hearing (Appendix A)	0	1	0	1	2
ECPs (Appendix B)	36	0	0	24	60
Resolved on Schedule (Appendix C)	116	55	2	0	173
Currently Active (Appendix D)	0	0	0	271	271
Petitions for Valuation of Utility Property (Appendix E)	0	0	0	1	1
Petitions to Adopt, Amend, or Repeal a Regulation (Appendix F)	1	0	0	1	2
Citation Appeals and General Order 156 Appeals (Appendix G)	17	0	0	14	31
Requests for Hearing on Administrative Enforcement Orders (Appendix H)	1	0	0	1	2
<b>Total</b>	<b>171</b>	<b>56</b>	<b>2</b>	<b>313</b>	<b>542</b>

\* These are accelerated proceedings under Pub. Util. Code Section 1702.1 where the amount of money claimed does not exceed the jurisdictional limit of the small claims court. The Commission has set a 132 day resolution target in Resolution ALJ-163. Though not categorized, ECPs are most comparable to adjudicatory proceedings which have a 12-month timeline.

\* The Commission in Resolution ALJ-377 established the Citation Appeal and General Order 156 Appeal process (April 28, 2020) based on the pilot program established by ALJ-299 (June 26, 2014). Under ALJ-377, appellate records are easily accessible, thus enhancing due process in these expeditious proceedings.

**(END OF APPENDIX G)**

**APPENDIX H**

**Requests for Hearing on Administrative Enforcement Orders Active During Calendar Year  
2025**

	PROCEEDING NUMBER	SHORT TITLE	ALJ	LENGTH OF PROCEEDING OPEN IN MONTHS	DATE RESOLVED	DECISION NUMBER
1	H2402005	IN THE MATTER OF: FOOTHILLS EDUCATION & TECHNOLOGY PARTNERSHIP'S UNLAWFUL PARTICIPATION IN THE CALIFORNIA TELECONNECT FUND AND VIOLATION OF CALIFORNIA TELECONNECT FUND PROGRAM RULES	Gerald F. Kelly	22.9	09/18/25	RES ALJ-481
2	H2507005	REQUEST FOR HEARING ON PROPOSED ADMINISTRATIVE ENFORCEMENT ORDER.	Gerald F. Kelly	6.0		

\* Commission Resolution M-4846 established the process to Request a Hearing on an Administrative Enforcement Order. Under Resolution M-4846, requests for hearing will follow the procedural rules set forth in Resolution ALJ-377 that provide easily accessible appellate records thereby enhancing due process and transparency of the Commission Enforcement Policy.

\*\* These type of proceedings are not assigned to Commissioners.

### COMMISSIONERS ATTENDANCE AT PROCEEDING-RELATED HEARINGS AND WORKSHOPS

Public Utilities Code Section 910.1 requires the commission to annually submit a report to the Legislature on the days that commissioners presided over and attended hearings. AB 1532, effective October 1, 2025, revised these statutory requirements. Prior to its enactment, Commission attendance information was not maintained in the format specified. The figures presented reflect the requested information in the format now required under Public Utilities Code Section 910.1. For reporting on commissioner attendance at hearings, the report shall include reporting based on attendance at all types of hearings, including by all of the following:

- (1) Hearing type, including, but not limited to, prehearing conferences, evidentiary hearings, public participation hearings, and workshops.
- (2) Proceeding type, including quasi-legislative, an adjudication, a rate-setting, or a catastrophic wildfire proceeding.
- (3) Industry type, including electric, gas, water, telecommunications, or transportation.

Reporting on Commissioner Attendance at Hearings, Pursuant to Public Utilities Code Section 910.1					
Hearing Type: prehearing conference, evidentiary hearings, public participation hearings, workshop, or other:	President Alice Reynolds	Commissioner Darcie L. Houck	Commissioner John Reynolds	Commissioner Karen Douglas	Commissioner Matthew Baker
Advisory Committee	3	60	0	11	4
Closed Session Meeting	20*	20	20	20	20
Commission Voting Meeting	18*	17	18	18	18
Evidentiary Hearing	1	1	0	0	0
Legislative Oversight Hearing	5	0	0	0	1
Oral Argument	3	3	3	3	1
Prehearing Conference	2	8	6	0	16
Public Participation Hearing	1	10	12	1	6

1 Presiding over formal commission proceedings is typically the responsibility of the assigned administrative law judge. Workshops are informal settings without presiding officers. Events where a commissioner presided are marked with an asterisk (\*).
