SUBJECT: General Order (GO) 112-F Gas Inspection of PG&E's Fresno Division

Dear Mr. Hastings:

On behalf of the Safety and Enforcement Division (SED) of the California Public Utilities Commission, Aleksandr Fastovich, Shuai Zhang (James), Mohammad Nouredine, and Humna Afzel conducted a General Order 112-F inspection of Pacific Gas & Electric Company's (PG&E) Fresno Division (Division) on April 21 – May 2, 2025. The inspection included a review of the Division's records for the period of 2020 through 2024, as well as a representative field sample of the Division's facilities. SED staff also reviewed the Division's operator qualification (OQ) records, which included field observation of randomly selected individuals performing covered tasks.

SED's findings are noted in the Post-Inspection Written Preliminary Findings (Summary) which is enclosed with this letter. The Summary reflects only those particular records and pipeline facilities that SED inspected during the inspection. SED discovered zero (0) probable violations and zero (0) concerns during the inspection. This inspection is considered closed and does not require a response.

If you have any questions, please contact Aleksandr Fastovich at (628) 217-1976 or by email at aleksandr.fastovich@cpuc.ca.gov.

Sincerely,
