

# PG&E TY2023 RAMP Workshop #2

February 4, 2020

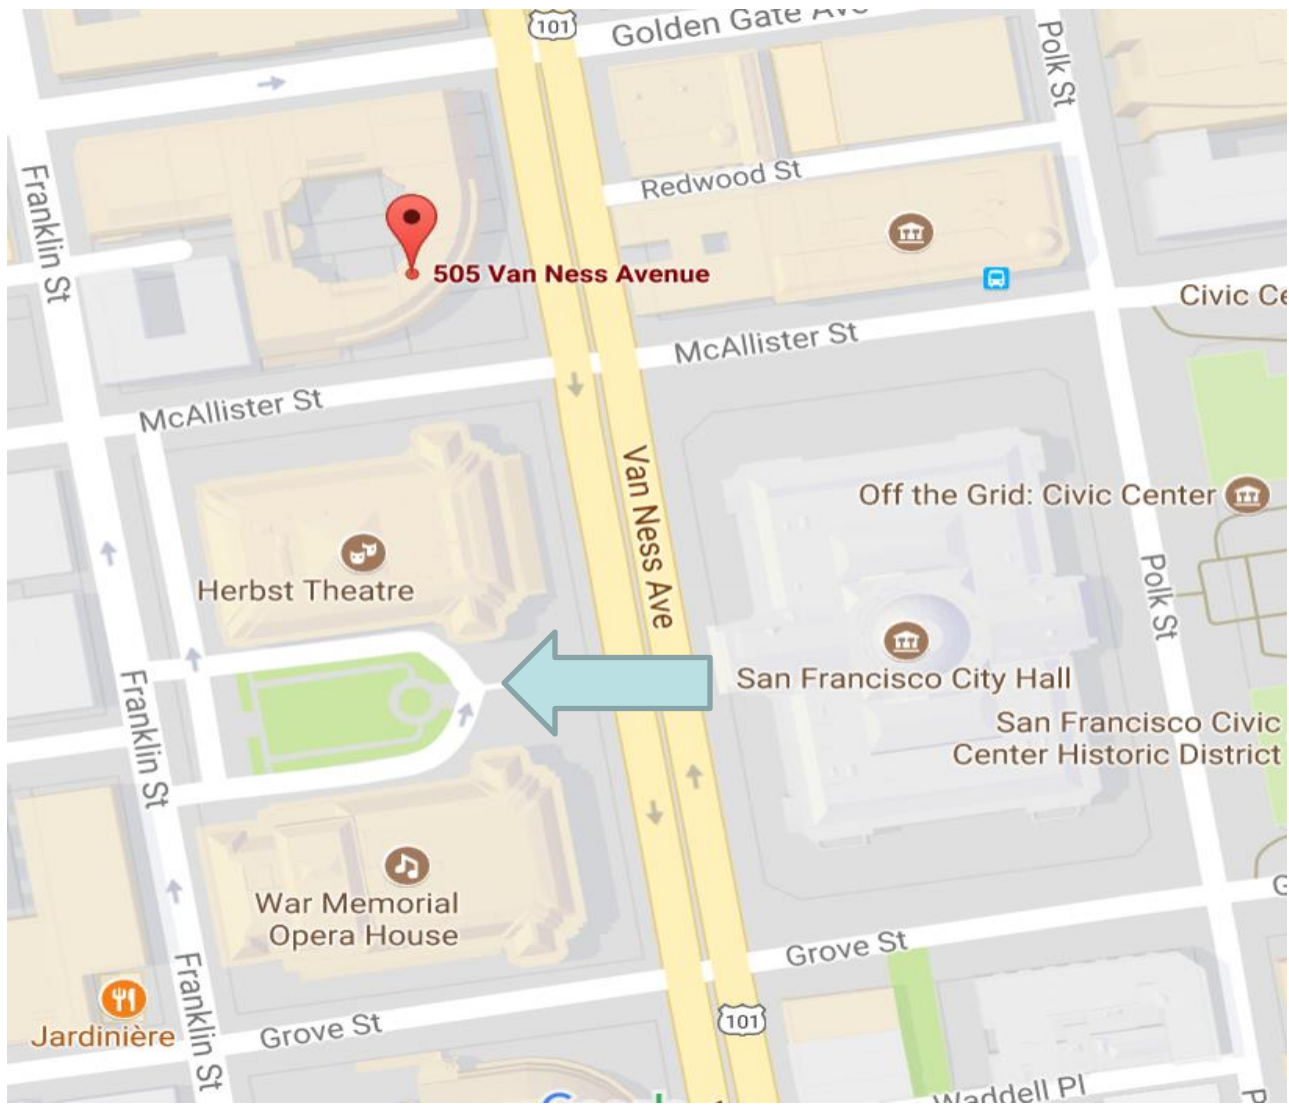

Wendy al-Mukdad, P.E.  
Senior Utilities Engineer  
Safety Policy Division

Utility Risk Assessment Branch/Safety Advisory Section

## Safety and Emergency Information

- In the event of an emergency, please proceed calmly out the exits.
- The Evacuation Location is the courtyard between the War Memorial Building and the Herbst Theater, located across from City Hall.
- Please exit the building at Van Ness entrance, cross McAllister and convene at courtyard area until all clear is given.

# Background

- In first Safety Model Assessment Proceeding (S-MAP) A.15-05-002 et al, parties reached settlement on basic requirements on how to identify and evaluate key risks and perform mitigation analysis for use in RAMP and GRC.
- S-MAP decision D.19-04-020 adopted Settlement Agreement.
- PG&E will file next RAMP (TY2023) in June/2020.
- PG&E's TY2023 RAMP will be affected by S-MAP Settlement Agreement.

## Purpose of this Workshop

The purpose of this workshop is for PG&E to present its preliminary RAMP risks that result from application of the S-MAP Settlement Agreement Approach using the Multi-Attribute Value Function that was presented in Workshop 2.

**Thank You!**
