

2021 RISK ASSESSMENT MITIGATION PHASE

Workshop: SoCalGas's Integrity Management Programs

Agenda: SoCalGas's Integrity Management Programs

Tue, Sep 14 (1:00 – 3:00): SoCalGas MP, HP, Storage Integrity Management Program, TBD Other based on follow-ups from previous workshops.

Cal Advocates

- Discuss how pipeline segment risk analysis was used to assess, target, and prioritize pipeline risk mitigations.
- Discuss the process for determining the allocation and level of **forecasted request dollars** across the different Distribution Integrity Management Program (DIMP) mitigations: Vintage Integrity Plastic Plan (VIPP), Bare Steel Replacement Program (BSRP), Gas Infrastructure Protection Plan (GIPP), and Sewer Lateral Inspection Project (SLIP).
