

R11-02-018

Brief Agenda, (Sent by email on February 19, 2013)

Parties and others on the electronic service list:

The previously served February 7, 2013 joint Assigned Commissioner/ALJ ruling sets a public meeting with Commissioner Florio on March 4,

2013: <http://docs.cpuc.ca.gov/PublishedDocs/Efile/G000/M042/K157/42157059.PDF>

At this meeting, Commissioner Florio would like to explore creative ideas regarding alternative financing methods for the costs of replacing master-metered infrastructure in mobilehome parks and manufactured housing communities located in the service territories of Commission-regulated gas and electric utilities. As a starting point to initiate the discussion, Commissioner Florio plans to use the financing options discussed in the "Trends in Utility Infrastructure Financing" a briefing paper published by the Commission's Policy and Planning Division in August 2012. Here is the link to that report:
