Re: State of California – Public Utilities Commission
General Order 112 Gas Inspection of PG&E’s Central Area

Dear Mr. Bruno:

The Safety and Enforcement Division (SED) of the CPUC conducted a General Order 112F inspection of PG&E’s Central Area (Stockton Division, Yosemite Division, Rio Vista District, Tracy District, and Bethany Compressor Station) on April 2 – 13, 2018 and April 30 – May 11, 2018. On June 18, 2018, the SED submitted their audit report, identifying violations and findings. Attached is PG&E’s response to the CPUC audit report.

Please contact Stephen Ramos at (925) 413-7311 or s3rc@pge.com for any questions you may have regarding this response.

Sincerely,

/s/ Mike Bradley
