

CPUC COMMISSION POLICY	
Category: Strategic Direction	Title: Safety
	Policy Number: SD-?
Date of Adoption:	Resolution No.
Revision:	Resolution No.

It is the CPUC's vision to achieve zero accidents and injuries across all the utilities and businesses we regulate, and within our own workplace.

Therefore, the CPUC will:

- a) Continually assess and reduce the safety risk posed by the companies we regulate;
- b) Hold companies (and their extended contractors) accountable for safety of their facilities and practices;
- c) Be accountable for the oversight of safety in the industries we regulate;
- d) Provide clear guidance on expectations for safety management and outcomes;
- e) Provide transparent and effective procedures for enforcement of those expectations;
- f) Promote reliable access to utility services that support health and safety;
- g) Promote a culture of safety vigilance by CPUC staff and in the industries we regulate;
- h) Learn from experience and continuously improve safety oversight and outcomes.

Monitoring Method: Executive Director Report
Frequency: Annual
