San Jacinto, CA 92583

RE: Letter certifying San Jacinto Power's Implementation Plan and Statement of Intent

Dear Mr. Hults:

The California Public Utilities Commission's Energy Division has reviewed San Jacinto Power's Implementation Plan and Statement of Intent to establish a community choice aggregator in address in the San Jacinto which was submitted to us on January 10, 2017.

Pursuant to Public Utilities Code Section 366.2 (c)(7), within 90 days after the Community Choice Aggregator (CCA) establishing load aggregation files an Implementation Plan, the Commission is required to certify that it has received the Implementation Plan, including any additional information necessary to determine a cost-recovery mechanism.

Public Utilities Code Section 366.2 (c)(3) requires a CCA Implementation Plan to contain all of the following:

- A) An organizational structure of the program, its operations, and its funding.
- B) Rate setting and other costs to participants.
- C) Provisions for disclosure and due process in setting rates and allocating costs among participants.
- D) The methods for entering and terminating agreements with other entities.
- E) The rights and responsibilities of program participants, including, but not limited to, consumer protection procedures, credit issues, and shutoff procedures.
- F) Termination of the program.

- G) A description of the third parties that will be supplying electricity under the program, including, but not limited to, information about financial, technical and operational capabilities.

Pursuant to Public Utilities Code Section 366.2 (c)(4), a CCA is also to prepare and provide for all of the following:

- A) A statement of intent; and,
- B) Provision(s) that provide for:
  - 1) Universal access;
  - 2) Reliability;
  - 3) Equitable treatment of all classes of customers; and,
  - 4) Compliance with any legal requirements concerning aggregated service.

The Commission hereby certifies that Implementation Plan and Statement of Intent submitted by San Jacinto Power contain the information required by Public Utilities Code Section 366.2 (c). San Jacinto Power has also included a Statement of Intent as part of its Implementation Plan pursuant to Public Utilities Code Section 366.2 (c)(4).

Pursuant to P.U. Code Section 366.2 (c)(7), the Commission is required to provide San Jacinto Power with "its findings regarding any cost recovery that must be paid by customers of the community choice aggregator to prevent a shifting of costs as provided for in P.U. Code Section 366.2 subdivisions (d), (e) and (f)." The costs referenced in P.U. Code Section 366.2 subdivisions (d), (e) and (f) are recovered via separate charges for: (1) Power Charge Indifference Adjustment (per kWh); (2) DWR Bond Charge (per kWh); and (3) Competition Transition Charge (CTC) (per kWh). By this letter, the Commission informs San Jacinto Power that these costs are identified in Schedule CCA-CRS "Community Choice Aggregation Cost Responsibility Surcharge."

Sincerely,

Edward Randolph  
Director, Energy Division  
California Public Utilities Commission
