January 8, 2018

Scott Adair
Director – West Power
Direct Energy Business, LLC
12 Greenway Plaza, Suite 250
Houston, TX 77046

Dear Mr. Adair,

The Energy Division of the California Public Utilities Commission (Commission) approves Direct Energy Business’s October 31, 2017 request for a penalty waiver.

Section 3.3.12 of D.06-06-064 describes a standard that an LSE may use to demonstrate that it could not reasonably achieve its LCR obligations:

(1) a demonstration that the LSE reasonably and in good faith solicited bids for its RAR capacity needs along with accompanying information about the terms and conditions of the Request for Offer or other form of solicitation, and

(2) a demonstration that despite having actively pursued all commercially reasonable efforts to acquire the resources needed to meet the LSE’s local procurement obligation, it either

(a) received no bids, or

(b) received no bids for an unbundled RA capacity contract of under $40 per kW-year or for a bundled capacity and energy product of under $73 per kW-year, or

(c) received bids below these thresholds but such bids included what the LSE believes are unreasonable terms and/or conditions, in which case the waiver request must demonstrate why such terms and/or conditions are unreasonable.

An LSE’s waiver request that meets these requirements is a necessary but not a sufficient condition for the grant of such waiver. The Commission will also consider other information brought to its attention regarding the reasonableness of the waiver request.
Energy Division has reviewed Direct Energy Business’ actions and finds them reasonable considering the capacity available to meet Direct Energy Business’ local RA obligation. In this case, Energy Division finds that Direct Energy Business held a solicitation and pursued all commercially reasonable efforts to acquire the resources needed to meet the LSE’s local procurement obligation. Direct Energy Business’ waiver request includes confidential market-sensitive information supporting this finding. Thus, Energy Division grants Direct Energy Business’ request for a waiver of Commission penalties related to its year-ahead 2018 local RA procurement.

Sincerely,

[Signature]

Edward F. Randolph, Director
Energy Division
