RE: Letter Certifying Monterey Bay Community Power Authority’s Addendum Number 1 to its Community Choice Aggregation Implementation Plan and Statement of Intent

Dear Tom Habashi:

The California Public Utilities Commission’s Energy Division has reviewed Monterey Bay Community Power Authority’s Addendum Number 1 to its Implementation Plan and Statement of Intent, which was submitted to Energy Division on December 7, 2018, to expand service to the cities of San Luis Obispo and Morro Bay effective January 2020.

Pursuant to Public Utilities Code Section 366.2 (c)(7), within 90 days after the Community Choice Aggregator (CCA) establishing load aggregation files an Implementation Plan, the Commission is required to certify that it has received the Implementation Plan, including any additional information necessary to determine a cost-recovery mechanism.

Public Utilities Code Section 366.2 (c)(3) requires a CCA Implementation Plan to contain all of the following:

A) An organizational structure of the program, its operations, and its funding.
B) Rate setting and other costs to participants.
C) Provisions for disclosure and due process in setting rates and allocating costs among participants.
D) The methods for entering and terminating agreements with other entities.
E) The rights and responsibilities of program participants, including, but not limited to, consumer protection procedures, credit issues, and shutoff procedures.
F) Details regarding the termination of the program.
G) A description of the third parties that will be supplying electricity under the program, including, but not limited to, information about financial, technical and operational capabilities.
H) Pursuant to Public Utilities Code Section 366.2 (c)(4), a CCA is also to prepare and
provide for all of the following:
   A) A statement of intent; and
   B) Provision(s) that provide for;
      1) Universal access;
      2) Reliability;
      3) Equitable treatment of all classes of customers; and
      4) Compliance with any legal requirements concerning aggregated service.

The Commission hereby certifies that Addendum Number 1 to the Implementation Plan and
Statement of Intent submitted by Monterey Bay Community Power Authority contain the
information required by Public Utilities Code Section 366.2 (c). Should there be any
modification to the Implementation Plan, including but not limited to the start date, anticipated
load and phase-in schedule, Monterey Bay Community Power Authority shall submit an updated
Implementation Plan to the Commission in the same manner it submitted the original plan,
including the appropriate service lists.

Pursuant to P.U. Code Section 366.2 (c)(7), the Commission is required to provide Monterey
Bay Community Power Authority with “its findings regarding any cost recovery that must be
paid by customers of the community choice aggregator to prevent a shifting of costs as provided
for in P.U. Code Section 366.2 subdivisions (d), (e) and (f).” The costs referenced in P.U. Code
Section 366.2 subdivisions (d), (e) and (f) are recovered via separate charges for: (1) Power
Charge Indifference Adjustment (per kWh); (2) DWR Bond Charge (per kWh); and (3)
Competition Transition Charge (CTC) (per kWh). By this letter, the Commission informs
Monterey Bay Community Power Authority that these costs are identified on each of Pacific Gas
& Electric’s customer-class-specific tariff sheets, in the “Special Conditions” section, sub-
section “Billing,” in the section labeled “Direct Access (DA) and Community Choice
Aggregation (CCA) customers” and in the column labeled “Community Choice Aggregation
Cost Responsibility Surcharge (CCA CRS).”

Sincerely,

[Signature]

Edward Randolph
Director, Energy Division
California Public Utilities Commission
