Subject: Proposed Revisions to the Tie Line (TL) 6975 San Marcos to Escondido
Draft Initial Study/Mitigated Negative Declaration (IS/MND) Project
Description

Dear Ms. Orsaba:

San Diego Gas & Electric Company (SDG&E) appreciates the opportunity to review the project description and respond to comments on the TL 6975 San Marcos to Escondido Draft IS/MND Project Description. In reviewing the comments the California Public Utility Commission environmental consultant, ESA Associates, has provided within the IS/MND Project Description, SDG&E would like to make a number of proposed revisions and clarifications per the attached documentation to ensure consistency with the Proposed Project or the Proponent's Environmental Assessment prepared for the TL 6975 San Marcos to Escondido Project, past deficiency letters and data requests, and the current data requests. Please let Tim Lyons know if you have any questions.

Sincerely,

Timothy Lyons
