Re: Wildfire Safety Division's February 26, 2020 Data Request to SDG&E

Dear Ms. Jacobs,

Resolution WSD-001 requires electrical corporations to transmit a letter to the Division Director containing a strong showing of the specific reason for any delay beyond the 3-business day response time to data requests. In compliance with that requirement, SDG&E hereby informs you that it will not be able to respond to all questions in the Wildfire Safety Division's February 26, 2020 data request by March 2, 2020. More specifically, SDG&E will respond to the majority of the data request by March 2, but responses to Item Index Numbers: SDGE-43879-Z-42; SDGE-43879-Z-48; SDGE-43879-Z-49; SDGE-43879-Z-51; and SDGE-43879-Z-52 will be provided by March 6, 2020.

Although SDG&E personnel are focused on gathering responsive information, SDG&E is unable to provide responses to all of the requests by March 2 simply due to the volume of the requests and the time it takes to compile the responsive information.

Please contact me or Kirstie Raagas ([kraagas@semprautilities.com](mailto:kraagas@semprautilities.com)) if you have questions or concerns.

Respectfully submitted,
