Establishment of Geographic Areas

CPUC Accessibility Workshop (SB 1376)
February 15, 2019
01 Geographic areas for Access Fund collection + distribution

02 Supply and demand information
Establishment of Geographic Areas: Access Fund Collection + Distribution

Uber Trips in California (2016 - 2018)

LA + SF  Rest of CA
Los Angeles Service Area

Counties Included in Uber Los Angeles Service Area:
- Los Angeles
San Francisco Service Area

Counties Included in Uber San Francisco Service Area:

- Alameda
- Contra Costa
- Lake
- Marin
- Mendocino
- Monterey
- Napa
- San Benito
- San Francisco
- San Mateo
- Santa Clara
- Santa Cruz
- Solano
- Sonoma
Establishment of Geographic Areas: Supply and Demand Information

US Census Data¹
LA + SF Uber areas include 45% of all California residents with Ambulatory Disability² and 80% of existing TNC demand

TNC Data
TNC WAV data to grow as programs expand

Paratransit Data
Collection of accurate paratransit request and trip count data to inform supply and demand

¹ Source: U.S. Census Bureau, 2013-2017 American Community Survey (ACS) 5-Year Estimates
² In the ACS, Ambulatory Disability is defined as individuals who responded "yes" when asked if they had "serious difficulty walking or climbing stairs."
Establishment of Geographic Areas: Recommendations

Los Angeles + San Francisco
Collect and distribute funding in areas that account for a large amount of estimated accessibility demand

Data Collection
Collect accurate paratransit data from local transit agencies

Review + Optimize
Review geographies annually as we learn more
Thank You
