SAN FRANCISCO, September 18, 2012 - The California Public Utilities Commission (CPUC), in its ongoing efforts to promote diversity in utility company practices, will hold its 10th annual En Banc with the theme of Building on Success.

Please see the agenda below.

The CPUC's Supplier Diversity program promotes and monitors procurement from diverse suppliers by energy utilities, telecommunication and cable companies, and also water utilities. The CPUC encourages investor-owned utilities to purchase 21.5 percent of goods and services from diverse firms (15 percent minority owned firms, 5 percent women owned firms, and 1.5 percent disabled veteran owned firms).

The En Banc follows the release this month of the CPUC's 2011 General Order 156 report to the legislature titled, 2011 Utility Procurement of Goods, Services, and Fuel from Women-, Minority-, and Disabled Veteran-owned Business Enterprises (WMDVBE). The report shows that utility spending on WMDVBE procurement increased from \$5.17 billion in 2010 to \$7.2 billion in 2011.

There are 34 companies that file annual reports with the CPUC, and collectively these 34 companies procured 30 percent of their total contract needs from diverse and small suppliers.

If specialized accommodations are needed in order to attend the En Banc, please contact the Public Advisor's Office at public.advisor@cpuc.ca.gov or call toll-free 866-849-8390 or TTY 866-836-7825 at least three business days in advance of the meeting.
