

August 15, 2018

Ms. Elizaveta Malashenko
Director, Safety and Enforcement Division
California Public Utilities Commission
505 Van Ness Avenue
San Francisco, CA 94102

Dear Ms. Malashenko,

Resolution ESRB-8 requires each IOU, within 30 days of the effective date of the resolution, to submit a report to the Director of the Safety and Enforcement Division ("SED") outlining its public outreach, notification, and mitigation plans for de-energization. This letter serves as Liberty Utilities (CalPeco Electric) LLC's ("Liberty CalPeco") official report.

Liberty CalPeco serves approximately 49,000 customers in the Lake Tahoe basin and surrounding communities. Liberty CalPeco owns and operates approximately 1,510 miles of overhead distribution lines and 541 miles of underground distribution lines.

Pursuant to Resolution ESRB-8, Liberty CalPeco is working to identify communities and facilities that are likely candidates for de-energization under conditions such as extreme weather events. Liberty CalPeco's service territory has a diversity of climates, vegetation, and topography to consider when implementing a de-energization plan. Liberty CalPeco looks forward to coordinating with state, local, and tribal governmental agencies to develop a comprehensive and effective de-energization plan.

Outreach Plan

As required by ESRB-8, Liberty CalPeco will convene De-Energization Informational Workshops within 90 days of the effective date of the resolution. In the table below, Liberty CalPeco has identified the stakeholders that it intends to invite to the workshops.

De-Energization Informational Workshop Invitees

<ul style="list-style-type: none">• Alpine County• El Dorado County• Mono County• Nevada County• Placer County• Plumas County• Sierra County• City of Portola• City of South Lake Tahoe• Town of Truckee• California Highway Patrol• Tahoe Regional Planning Agency• Hung A Lele Ti Reservation• Truckee Donner PUD• South Tahoe PUD• South Tahoe Fire Department• Truckee Fire Department• North Tahoe Fire Department	<ul style="list-style-type: none">• Truckee Sanitation• Truckee Airport• Martis Camp Community• Squaw Valley Lodge• Lake Tahoe Unified School District• Portola High School• Lake Tahoe Community College• Tahoe-Truckee Unified School District• East Sierra Unified School District• North Lake Tahoe Chamber of Commerce• North Tahoe Business Association• Truckee Donner Chamber of Commerce• South Lake Tahoe Chamber of Commerce• Northstar Property Owners• Glenshire Homeowners Association• Medical Baseline Customers• A-3 Customers
--	---

Liberty CalPeco plans to advertise the workshops via several methods, including:

- Bill Inserts
- On-Bill Messages
- Social Media
- Liberty Utilities Website
- Press Releases
- Paid Media (Radio and Print)

Liberty CalPeco intends to provide information on the workshops to the following media:

- Sierra Sun
- Tahoe Daily Tribune
- Tonopah Times
- Mineral County Independent
- Utility Dive
- Sierra Booster
- KRTL-KOWL Radio
- KTHO Radio
- Mammoth Times
- Moonshine Ink

- Mountain News
- South Tahoe Now
- Lake Tahoe Television
- Placer County Online
- Portola Reporter
- Record Courier

Notification Plan

While the notification plan is still in development, and will be further refined during and after the De-Energization Informational Workshops, Liberty CalPeco plans to use a variety of communication methods to provide notification in advance of, and during a de-energization event, including via the Liberty Utilities website, IVR, social media, local media alerts, street signage, and Everbridge.

Liberty CalPeco will also make available and communicate its de-energization policies and procedures by posting the completed de-energization plan on the Liberty Utilities website and sharing the plan in presentations and meetings with community stakeholders.

Mitigation Plan

Liberty CalPeco is in the early stages of development of its mitigation plan, and will have more detailed proposals ready to share at the De-Energization Informational Workshops, where Liberty CalPeco looks forward to working directly with stakeholders to identify possible mitigation measures.

Liberty CalPeco's point of contact for its de-energization planning is Todd Gee, who may be reached at 530-546-1705 or Todd.Gee@libertyutilities.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Marsh", is written over a light blue horizontal line.
