Dear Parties to R.21-10-002:

Decision 22-06-050 directed the co-facilitators of the previous RA Reform workshops to undertake the scheduling and facilitating of workshops for the three workstreams described in the decision. The co-facilitators group has met four times over the last week and emailed the broader service list for feedback on a proposed schedule. The final schedule, which incorporates that feedback, is set forth in the table below.

Overall structure:

- Workshops will be held on Wednesdays, except for the workshops on 8/23 and 9/29.
- Five hours are scheduled for each workshop: 10:00 AM–3:00 PM (with a lunch break).
- Workshops will be held in accordance with CPUC guidance on remote versus in-person workshops.
- Facilitators and notetakers for each workshop are listed in the table below.
- Presenters are expected to sponsor their presentations as proposals for the Commission’s consideration, with the workshops acting as the venue for socializing their proposals and getting feedback from stakeholders.
- **Presenters are requested to: (1) notify the workshop facilitator of their intent to present at least one week prior to the workshop; and (2) provide their final presentation to the facilitator on the Monday before the workshop.**
- The facilitator(s) for each workshop will circulate the presentations for a given workshop 24 hours in advance of the workshop.
- Report development: The facilitator(s) for each workshop will draft the section of the report on the topic(s) covered in that workshop, based on the presentations made and notes taken during the workshop.
