Dear Mr. Zimmer:

This is the 2nd deficiency reminder being sent to you. The following documents and/or clarifications are still needed for issuance of your permit:

- On the application (PL739TNC), on page two, please provide the fictitious business name(s) that Lyft Inc. will be using (e.g. "Lyft")
- The application inadvertently left off a space to provide your physical address. Rather than have you fill out a whole new application, please provide your physical address on the Change of Address Form enclosed.
- Regarding the 19 point vehicle inspection, please provide the following items:
 - i. Who is conducting the vehicle inspection?
 - ii. What qualifications do they possess to conduct the inspection?
 - iii. Any copies of contracts with outside vendors that may provide these services.
- The officer listed on the application (PL739TNC) does not match the officer on the Statement of Information (SOI). Please submit an updated copy of the SOI.
- A copy of the zero tolerance policy included in the riders' receipts.
- Decision 13-09-45 on page 26 states the TNCs must make their certificate of insurance public on its website. Please make the certificate available for the general public.
- The Legislature required the Commission to obtain evidence of workers' compensation insurance per Public Utilities Code Section 5378.1. This is a requirement covering all workers, not just those carriers that employ drivers. Please have your insurance carrier file a certificate of workers' compensation insurance with the Commission. Also awaiting the updated insurance policy.

In order to complete the permit process, please provide the requested documents/information to me in care of the address above. If you have any questions, please contact me at Licensing_TNC@cpuc.ca.gov. Please note you will have 60 days from the date of this letter to complete the deficiencies or the application will be denied. A third and final reminder will be sent to you if there are any pending deficiencies left.

Very truly yours,
