Please RSVP to [Hilda.Wijaya@pge.com](mailto:Hilda.Wijaya@pge.com) by January 28<sup>th</sup> to facilitate easy entrance to the workshop.

Please provide: First and Last Name, Title, Company/Organization

*\*Please bring a form of government issued photo ID.*

**Purpose**

The purpose of this workshop is to provide the opportunity to present and solicit stakeholder feedback on the appropriate models for structuring an agreement with a property owner to ensure that their tenant(s) experiences bill savings as a result of participating in the San Joaquin Valley pilots and does not suffer unintended consequences.

**Background**

The Decision Approving San Joaquin Valley Disadvantaged Communities Pilot Projects (D.18-12-015) identified that a central objective of the pilots is ensuring that all households, including those occupied by tenants, experience bill savings as a result of the pilot and do not suffer negative unintended consequences. To accomplish this, the Decision determined it is reasonable to require all pilot administrators to seek assurances from property owners that they will not significantly increase rents or evict tenants as a result of home improvements for at least five years following completion of pilot appliance installations, and that this should be attained through some form of agreement by the property owner. The Decision determined it was reasonable for parties to explore the appropriate models for such agreements in a workshop setting.
